The Color Course
Accredited by: IDCEC | Credit: 0.1 (1.0 hr)

The Color Course, is a dynamic and engaging presentation that explores the principles, meaning, power, and impact of color. Exploring both color theory and color psychology, the course provides helpful insight for anyone interested in visual culture and design.

The course covers 4 main objectives:
1. Methods of Art Analysis and Color
2. Mechanics and Color
3. Meaning and Color
4. Mind, Body, and Color

Event Registration
Provider must be an active and current subscriber at www.ceuevents.com. The event must be created and registered on www.ceuevents.com at least 72 hours before the actual presentation. Submission of Attendance All providers are required to submit attendance within 2 business days of the event being held. As an approved Provider you are responsible for collecting the IDCEC unique identification numbers of learners when they register for CEU. Attendance will only be accepted for attendees with "Credit" checked off on the RSVP list for the particular event on www.ceuevents.com. Provider records in paper format will not be accepted. Providers do not have to report attendance for learners who do not have an IDCEC number (e.g. Architects).

Certificates of Completion
All certificates of completion will be issued to the learner online. Certificates will be issued by IDCEC directly to learners who have a unique IDCEC identification. Providers are required to issue certificates of completion for non-IDCEC learners (E.g. Architects) which you will be able to do via portal on www.ceuevents.com and clicking on "Certificate" icon under the RSVP list for the event. (Do not issue these to any learners who is a member of ASID, IIDA or IDC and provided you with IDCEC membership number).
