What is the future of social life after COVID-19 ?

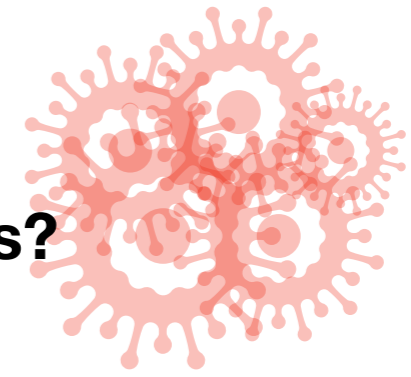

How about crowds?

How about crowds?

How about crowds?

How is the future of FOODSERVICE with social distancing?

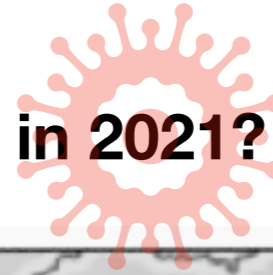

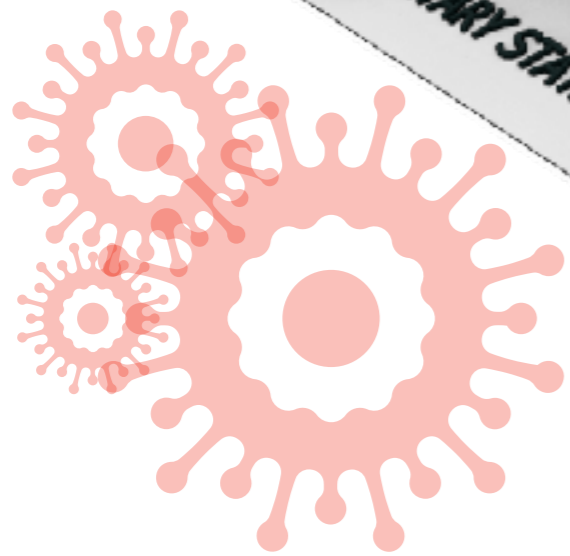

**What if in future scenarios social distancing becomes an habit, or a law ?
Not a temporary one.**

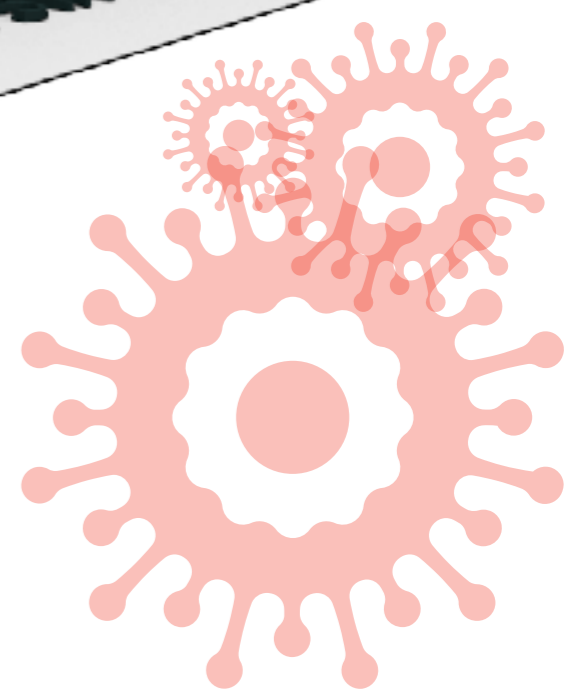

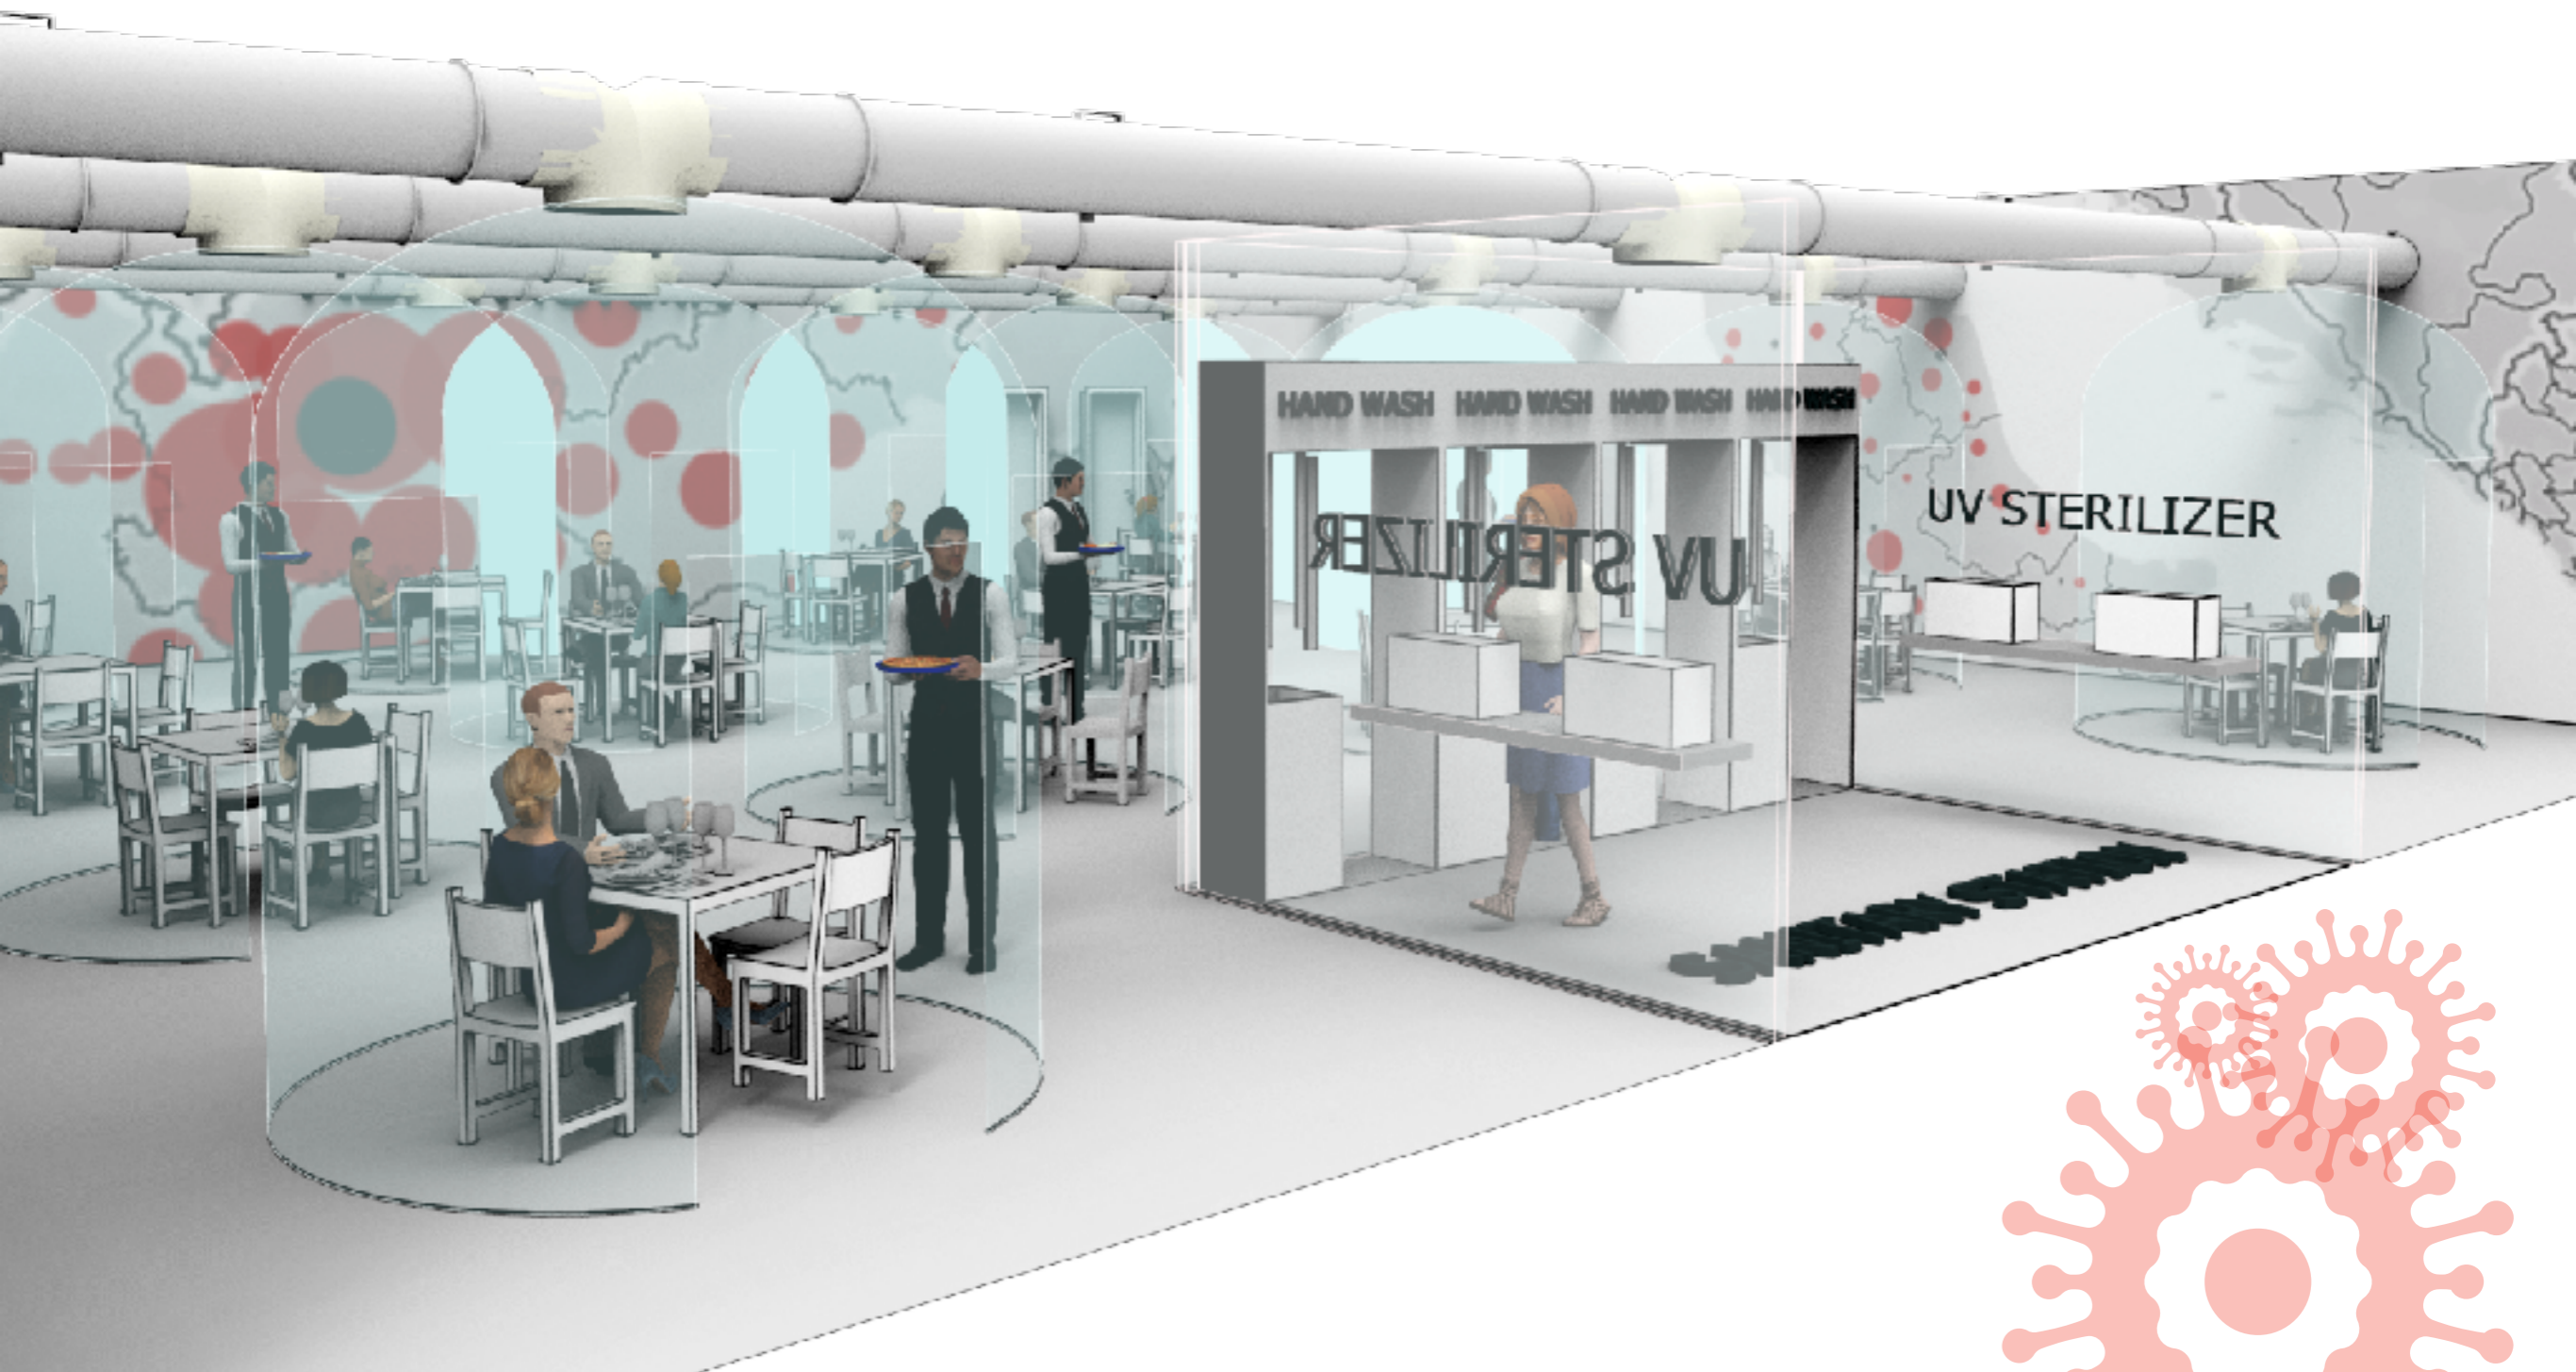

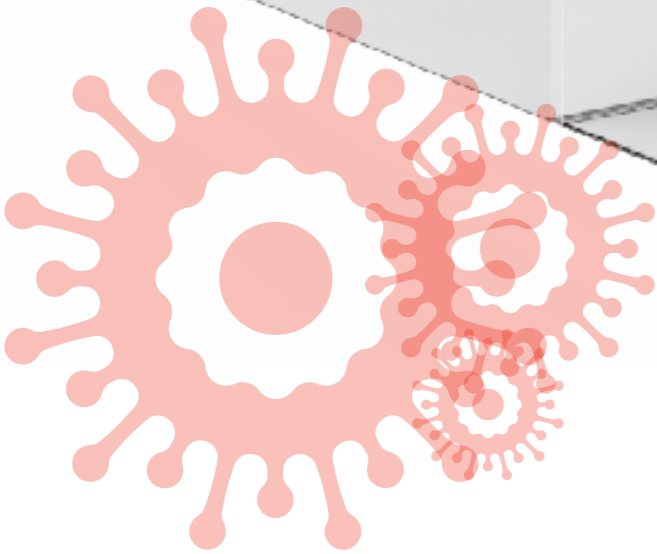

**Are we going to live in glass bubbles? In sterile environments?
Dining in restaurants looking like hospitals?**

How is a restaurant going to look like in 2021?

Would we be able to maintain any contact with nature?

Maybe...

ec&co.

But still with social distancing ...
